Who's the Miracle League of Prince William County?

Since 2022, the Miracle League of Prince William County (MLPWC), removes the barriers that keep children and adults with intellectual and physical disabilities off the baseball field and lets them experience the joy of America's favorite pastime. The program provides our athletes with the opportunity to play in the field, to hit the baseball, circle the bases and score a run! Athletes have the option to hit the ball from a batting tee or to hit a pitched baseball, depending upon ability and experience. Most importantly, the Miracle League is about making new friends, building self-esteem and being treated just like other athletes.

The program is played on a universal-access baseball field used by the Miracle League of Prince William County and was funded through a public/private partnership with Dr. Richard Tami, Field of Dreams, Inc., and the Miracle League of Prince William County. The Miracle League of Prince William County was started in 2022 by Sports Services, Prince William County Department of Parks and Recreation.
